Great. Thanks, Darrell. Sounds like everything is on schedule, which is nice to see at this point.

Subject: NCA4 public review draft release

FYI – the latest update is that the 4th National Climate Assessment public review draft will be released Friday, Nov 3. This date may slip, so this is close hold information for now. There are also indications that the final Climate Science Special Report and the public review draft of the State of the Carbon Report will be released at the same time.
